

# Dishwasher Leak Tray

Leaks from dishwashers are all too common. When they happen, they can cause a lot of damage, especially if gone unnoticed. The Leak-Away Dishwasher Leak Tray is the ideal solution to protect your home or multi-unit property from expensive water damage and extensive time-consuming insurance claims.

Designed and manufactured in Canada, our trays are made with 3/16" textured ABS plastic making them both durable and easy to clean. A tray will fit all standard-size residential dish washers.
